ACCESSIBLE QUALITY EDUCATION

THE INVICTUS STORY

Founded in Singapore in 2015, Invictus International School has grown from 40 students and 15 staff to more than 3,000 students and 700 staff with campuses that reach beyond Singapore's shores, including Cambodia, Hong Kong, Malaysia and Thailand.

Invictus was founded to provide quality and affordable education from Year 1 to Year 13 (aged 5-18), utilising rigorous internationally renowned curricula and providing immersive classroom experiences through experienced educators to help each child develop a spirit of lifelong learning and excellence.

Invictus International School is a proprietary brand of Sing-Ed, education arm of Acrophyte Pte. Ltd. (formerly known as Chip Eng Seng Corporation Ltd.) Headquartered in Singapore, Sing-Ed has grown exponentially to establish a geographical presence in Singapore, Cambodia, Hong Kong SAR, Malaysia and Thailand.

WHY CHOOSE INVICTUS

OUR CAMPUS

Located in Pathum Thani and near Bangkok, housed under the Sathitpathum Demonstration School, Invictus International Programme boasts an environmentally friendly campus learning environment that serves as the perfect space for nurturing children's critical thinking and inquiry skills.

One of the key ways to inspire learning is through maintaining small class sizes. With a maximum of 20-25 students per class, the teachers can better address the needs and learning styles of each individual. This allows for more meaningful interactions between teachers and students. Plus, students can gain a deeper understanding and engagement with the concept being taught.

In addition to comfortable classrooms, Invictus International Programme also has various facilities to support its holistic learning initiatives. These include access to a football pitch, swimming pool, and playground, among others. With these facilities, students have the opportunity to engage in physical activities and social interaction.

CURRICULUM OFFERINGS

EYFS (Pre-Nursery to Reception)

We have a curriculum for our young learners (aged 2.5-5) which is the Early Years Foundation Stage (EYFS) framework. This curriculum was originally introduced in the UK as an educational stage for young children.

Cambridge International Primary Curriculum (Year 1-6)

Cambridge Primary is an international education programme, typically for young learners aged 5 to 11 years and is used in primary schools around the world. It develops young learners who are confident, responsible, reflective, innovative and engaged.

In addition to the Cambridge Primary Curriculum, Invictus International Programme also incorporates Singapore Mathematics pedagogy into our curriculum. This teaching method, rooted in the national mathematics curriculum of Singapore primary schools emphasises mastering mathematical concepts in greater depth. Students engage with these concepts through a structured three-step learning process known as the “Concrete-Pictorial-Abstract (CPA)” approach.

SCHOOL LIFE WITH INVICTUS

Invictus offers a holistic education through in-class learning, field trips, school celebrations, physical education & Extra-Curricular Activities (ECAs), providing our students with opportunities to develop their personal values and social skills beyond the classrooms. THE STORY FROM OUR COMMUNITY

Ms. Doojchadang Boon-anake,
Parent of Keith (Reception)

“ I am very impressed. Impressed with the team and the teachers at the level where my sibling is studying. Despite being a new student, having just started for a little over a month, I have noticed significant progress in my son’s writing and reading skills. Because my son transferred from a Thai curriculum school, they may not be proficient in writing and reading yet, but they have improved themselves a lot. Teacher Monica has helped encourage my son to become more confident in spelling various words. However, in terms of getting along with friends, since my son is a new student, it may take some time to adjust. But overall, I am very impressed.

Ms. Savitree Kongjinda,
Parent of Prince (Year 8) and Pete (Year 4)

“ I have two sons, Prince in Year 8 and Pete in Year 4. I feel very pleased that my children are studying here. They really like the good atmosphere here. Most importantly, my sons are happy to come to school every day.

Mr. Wichoon Thapkaen,
Parent of twins Pee & Vee (Pre-Nursery)

“ I feel happy with the school. My kids enjoy coming here. They are happy to wake up and come to school every day. There are certain things that I cannot teach my children, but the school can. When my kids have problems, such as the older ones biting the younger ones, Teacher Carla helps teach them to control their emotions better. Before, if they wanted to bite, they would just do it, but now, when they think about biting, they try to stop themselves first. I like how my children have become more disciplined.
